Thank you for your interest in the StraightSmile Solutions®, customizable, digital, Orthodontic Education in-a-box™ Free shipping to the US. Additional shipping \$50 for international clients.

You can select from your own customized modules for both doctor and team. This course includes a turn-key bag with all the supplies and instructions you need for your customized experience for 1 doctor and up to 4 team members. You'll understand the function of each module and when to use it in a patient.

Let us know when you are ready to begin each module by email and we'll send you the instructions.

After each module you'll be taking photos of your work and emailing it to our team for feedback and you'll be able to ask questions.

You have up to 180 days to complete your modules after the box is shipped.

The supplies are not sterilized and are meant for didactic, educational purposes only.

Box assembly and course is individually customized for each doctor. Assembly, handling and shipping may take up to 14 business days to the US and 21 business days International. We'll keep you updated on the progress. All good things take time and patience!

For doctors who are registering teams, you'll receive access to a private spreadsheet that will document the progress of your team members with each module. There will be a virtual accountability loop. Each team member will have a different color ties.
