

Dr. Amanda Wilson

I'm Amanda Wilson, an experienced dental micro-influencer with a substantial following of active participants, including dentists, orthodontists, hygienists, and others in the dental arena. After 10 years in private practice in the San Francisco Bay Area, I created the StraightSmile Solutions® brand, an orthodontic consulting company that directly services the unique needs of dentists, specialists, and labs. The type of content I create is educational and inviting. From a collaboration with me, you can expect a significant increase in brand awareness as you gain access to my hyper-focused niche audience.
